EMPLOYMENT HISTORY

Akron Children's Hospital, Akron, OH
January 2017 – Present
Vice President Information Services and CIO

University of Pittsburgh Medical Center (UPMC), Pittsburgh, PA
August 2015   – November 2016

Vice President – International Services
Vice President – Tele-Health Services, Physician Service Division

Responsible for driving relationships with strategic third parties such as foreign health systems, government officials and embassy personnel. This includes the identification of new market opportunities for UPMC International as well as the leveraging of global strategic partnerships in pursuit of those goals. Main area of focus: Pediatrics, Information Technology, Oncology, CICU and Tele-health services.
Accomplishments:
➢ Structuring collaboration between UPMC and third parties in tele-health, hospital management, clinical services deployment and/or information technology.
➢ Negotiated the establishment of the first UPMC multi-hospital, women's and NICU hospital management and clinical partnership in Dubai, UAE.
➢ Information Technology advisory consulting on various areas. Most recently, assisted King Fahd Medical City (1200 beds) in Riyadh in the selection of an electronic health record.

Dec. 2010 – August 2015
Vice President Global Health Services / Chief Information Officer
Children's Hospital of Pittsburgh of UPMC (308 beds)
Magee Women's Hospital of UPMC (363 beds)
Western Psychiatric Institute and Clinic of UPMC (312 beds)

Responsible for the information and technology management function in a diverse health system in Western Pennsylvania comprised of leading hospitals, multispecialty physician group, health plan, and Global Health business.
Accomplishments:
➢ Provided executive leadership for all service lines. Developed an excellent working relationship with the President, management team, medical staff and employees based on trust, collaboration, and mutual support.
➢ Effectively introduced and integrated new technologies to support business goals.

Principal / Executive Consultant

➢ Development of strategic business plans for multiple client sites.
➢ Development of multiple consulting engagements (i.e. Regulatory, PMO, IT business plans, HIPAA).
➢ Assist clients with system selections. (i.e. HIS, CPOE, PACS).
➢ Creation of   best practice methodologies across all client sites using ITIL measurements.
➢ Establishment of centralized call center.
