

As Introduced

134th General Assembly

Regular Session

2021-2022

H. B. No. 290

Representatives McClain, John

**Cosponsors: Representatives Click, Powell, Stoltzfus, Brinkman, Gross, Dean,
Zeltwanger, Riedel, Kick, Wiggam, Bird, Fowler Arthur, Jordan, Koehler, Schmidt,
Merrin**

A BILL

To express the intent of the General Assembly to 1
establish a school funding formula that allows 2
families to choose the option for all computed 3
funding amounts associated with students' 4
education to follow them to the public and 5
nonpublic schools they attend. 6

BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF OHIO:

Section 1. It is the General Assembly's intent that 7
sections of the Revised Code be amended, enacted, or repealed to 8
create a thorough and efficient statewide foundation funding 9
formula for the education of all students in this state, 10
including students enrolled in city, local, and exempted village 11
school districts, community schools established under Chapter 12
3314. of the Revised Code, STEM schools established under 13
Chapter 3326. of the Revised Code, and nonpublic schools, that 14
allows families to choose the option for all computed funding 15
amounts associated with students' education to follow them to 16
the schools they attend. This formula will ensure Ohio maintains 17

strong funding for public and nonpublic schools while 18
cultivating innovation and opportunity for all children. 19
