expenditure of this appropriation, Zane State College shall 689
certify to the Director of Budget and Management canceled 690

Section 207.41. For all reappropriations in this act from 692
the Higher Education Improvement Fund (Fund 7034) or the Higher 693
Education Improvement Taxable Fund (Fund 7024) that require 694
local funds to be contributed by any state-supported or state- 695
assisted institution of higher education, the Department of 696
Higher Education shall not recommend that any funds be released 697
until the recipient institution demonstrates to the Department 698
of Higher Education and the Office of Budget and Management that 699
the local funds contribution requirement has been secured or 700
satisfied. The local funds shall be in addition to the 701
reappropriations in this act. 702

Section 207.42. None of the capital reappropriations in 703
this act for state-supported or state-assisted institutions of 704
higher education shall be expended until the particular 705
appropriation has been recommended for release by the Department 706
of Higher Education and released by the Director of Budget and 707
Management or the Controlling Board. Either the institution 708
concerned, or the Department of Higher Education with the 709
concurrence of the institution concerned, may initiate the 710
request to the Director of Budget and Management or the 711
Controlling Board for the release of the particular 712

Section 207.43. (A) No capital reappropriations in this 714
act made from the Higher Education Improvement Fund (Fund 7034) 715
or the Higher Education Improvement Taxable Fund (Fund 7024) 716
shall be released for planning or for improvement, renovation, 717
construction, or acquisition of capital facilities if the 718
institution of higher education or the state does not own the 719
real property on which the capital facilities are or will be 720
located. This restriction does not apply in any of the following 721
circumstances: 722

(1) The institution has a long-term (at least twenty 723
years) lease of, or other interest (such as an easement) in, the 724
real property. 725

(2) The Department of Higher Education certifies to the 726
Controlling Board that undue delay will occur if planning does 727
not proceed while the property or property interest acquisition 728
process continues. In this case, funds may be released upon 729
approval of the Controlling Board to pay for planning through 730
the development of schematic drawings only. 731

(3) In the case of a reappropriation for capital 732
facilities that, because of their unique nature or location, 733
will be owned or will be part of facilities owned by a separate 734
nonprofit organization or public body and will be made available 735
to the institution of higher education for its use or benefit, 736
the nonprofit organization or public body either owns or has a 737
long-term (at least twenty years) lease of the real property or 738
other capital facility to be improved, renovated, constructed, 739
or acquired and has entered into a joint or cooperative use 740
agreement with the institution of higher education that meets 741
the requirements of division (C) of this section. 742

(B) Any reappropriations that require cooperation between 743
a technical college and a branch campus of a university may be 744
released by the Controlling Board upon recommendation by the 745
Department of Higher Education that the facilities proposed by 746
the institutions are: 747

(1) The result of a joint planning effort by the 748
university and the technical college, satisfactory to the 749
Department of Higher Education; 750

(2) Facilities that will meet the needs of the region in 751

terms of technical and general education, taking into 752
consideration the totality of facilities that will be available 753
after the completion of the projects; 754

(3) Planned to permit maximum joint use by the university 755
and technical college of the totality of facilities that will be 756
available upon their completion; and 757

(4) To be located on or adjacent to the branch campus of 758
the university. 759

(C) The Department of Higher Education shall adopt and 760
maintain rules regarding the release of moneys from all the 761
appropriations for capital facilities for all state-supported or 762
state-assisted institutions of higher education. In the case of 763
capital facilities referred to in division (A)(3) of this 764
section, the joint or cooperative use agreements shall include, 765
as a minimum, provisions that: 766

(1) Specify the extent and nature of that joint or 767
cooperative use, extending for not fewer than twenty years, with 768
the value of such use or benefit or right to use to be, as is 769
determined by the parties and approved by the Department of 770
Higher Education, reasonably related to the amount of the 771
appropriations; 772

(2) Provide for pro rata reimbursement to the state should 773
the arrangement for joint or cooperative use be terminated prior 774
to the expiration of its full term; 775

(3) Provide that procedures to be followed during the 776
capital improvement process will comply with appropriate 777
applicable state statutes and rules, including the provisions of 778
this act; and 779

(4) Provide for payment or reimbursement to the 780

institution of its administrative costs incurred as a result of 781
the facilities project, not to exceed 1.5 per cent of the 782
appropriated amount. 783

(D) Upon the recommendation of the Department of Higher 784
Education, the Controlling Board may approve the transfer of 785
appropriations for projects requiring cooperation between 786
institutions from one institution to another institution with 787
the approval of both institutions. 788

(E) Notwithstanding section 127.14 of the Revised Code, 789
the Controlling Board, upon the recommendation of the Department 790
of Higher Education, may transfer amounts appropriated to the 791
Department of Higher Education to accounts of state-supported or 792
state-assisted institutions created for that same purpose. 793

Section 207.45. The requirements of Chapters 123. and 153. 794
of the Revised Code, with respect to the powers and duties of 795
the Executive Director of the Ohio Facilities Construction 796
Commission as they relate to the procedure and awarding of 797
contracts for capital improvement projects, and the requirements 798
of section 127.16 of the Revised Code, with respect to the 799
Controlling Board, do not apply to projects of community college 800
districts and technical college districts. 801

Section 207.46. Those institutions locally administering 802
capital improvement projects pursuant to sections 3345.50 and 803
3345.51 of the Revised Code may: 804

(A) Establish charges for recovering costs directly 805
related to project administration as defined by the Executive 806
Director of the Ohio Facilities Construction Commission. The 807
Ohio Facilities Construction Commission, in consultation with 808
the Office of Budget and Management, shall review and approve 809

these administrative charges when the charges are in excess of 810
1.5 per cent of the total construction budget, provided that 811
total administrative charges paid by the state do not exceed 812
four per cent of the state's contribution to the total 813
construction budget. 814

(B) Seek reimbursement from state capital appropriations 815
to the institution for the in-house design services performed by 816
the institution for the capital projects. Acceptable charges are 817
limited to design document preparation work that is done by the 818
institution. These reimbursable design costs shall be shown as 819
"A/E fees" within the project's budget that is submitted to the 820
Controlling Board or the Director of Budget and Management as 821
part of a request for release of funds. The reimbursement for 822
in-house design shall not exceed seven per cent of the estimated 823
construction cost. 824

Section 207.47. TRANSFERS OF HIGHER EDUCATION CAPITAL 825
APPROPRIATIONS 826

The Director of Budget and Management may as necessary to 827
maintain the exclusion from the calculation of gross income for 828

Section 237.14. PLAYHOUSE SQUARE CONNOR PALACE THEATRE 1313
RENOVATIONS AND IMPROVEMENTS 1314

The amount reappropriated for the foregoing appropriation 1315
item C230GE, Playhouse Square Connor Palace Theatre Renovations 1316
and Improvements, is the unencumbered balance as of June 30, 1317
2022, in appropriation item C37863, Playhouse Square Connor 1318

Section 237.15. CORRECTIVE ACTION PROGRAM GRANTS 1320

The foregoing appropriation item C23011, Corrective Action 1321
Program Grants, may be used to provide funding to bring 1322
facilities up to Ohio School Design Manual standards for a 1323
project funded pursuant to sections 3318.01 to 3318.20 or 1324
3318.40 to 3318.45 of the Revised Code for the correction of 1325
work that is found after occupancy of the facility to be 1326
defective, or to have been omitted. Funding shall only be 1327
provided for work if the impacted school district notifies the 1328
Executive Director of the Ohio Facilities Construction 1329
Commission within five years after occupancy of the facility for 1330
which the district seeks the funding. The Commission may provide 1331
funding assistance necessary to take corrective measures after 1332
evaluating defective or omitted work. If the work to be 1333
corrected or remediated is part of a project not yet completed, 1334
the Commission may amend the project agreement to increase the 1335

project budget and use corrective action funding to provide the 1336
state portion of the amendment. If the work to be corrected or 1337
remediated was part of a completed project and funds were 1338
retained or transferred pursuant to division (C) of section 1339
3318.12 of the Revised Code, the Commission may enter into a new 1340
agreement to address the necessary corrective action. The 1341
Commission shall assess responsibility for the defective or 1342
omitted work and seek cost recovery from responsible parties, if 1343
applicable. Any funds recovered shall be applied first to the 1344
district portion of the cost of the corrective action. Any 1345
remaining funds shall be applied to the state portion and 1346
deposited into the School Building Program Assistance Fund (Fund 1347
7032). 1348

HAZARDOUS SUBSTANCE ABATEMENT IN STATE FACILITIES 1349

The foregoing appropriation item C230E3, Hazardous 1350
Substance Abatement, shall be used to fund the removal of 1351
asbestos, PCB, radon gas, and other contamination hazards from 1352
state facilities. 1353

Prior to the release of funds for asbestos abatement, the 1354
Ohio Facilities Construction Commission shall review proposals 1355
from state agencies to use these funds for asbestos abatement 1356
projects based on criteria developed by the Ohio Facilities 1357
Construction Commission. Upon a determination by the Ohio 1358
Facilities Construction Commission that the requesting agency 1359
cannot fund the asbestos abatement project or other toxic 1360
materials removal through existing capital and operating 1361
appropriations, the Commission may request the release of funds 1362
for such projects by the Controlling Board. State agencies 1363
intending to fund asbestos abatement or other toxic materials 1364
removal through existing capital and operating appropriations 1365

shall notify the Executive Director of the Ohio Facilities 1366
Construction Commission of the nature and scope prior to 1367
commencing the project. 1368

Only agencies that have received appropriations for 1369
capital projects from the Administrative Building Fund (Fund 1370
7026) are eligible to receive funding from this item. Public 1371
school districts are not eligible. 1372

Section 237.17. COMMUNITY SCHOOL CLASSROOM FACILITIES 1373
GRANTS 1374

The foregoing appropriation item C230W4, Community School 1375
Classroom Facilities Grants, may be used by the Facilities 1376
Construction Commission to provide grant funding to an eligible 1377
high-performing community school established under Chapter 3314. 1378
of the Revised Code. 1379

For purposes of this section, an "eligible high-performing 1380
community school" means a community school that has available 1381
and has certified it will supply, at least fifty per cent of the 1382
cost of the project funded under this section and that was 1383
eligible for the Community School Classroom Facilities Grants 1384
program on November 29, 2019. 1385

The foregoing appropriation may be used for the purchase, 1386
construction, reconstruction, renovation, remodeling, or 1387
addition to classroom facilities. A grant may be awarded to an 1388
eligible high-performing community school that demonstrates that 1389
the funds will be used to purchase or support classroom 1390
facilities construction or modifications that increase the 1391
supply of seats in effective schools, service specific unmet 1392
student needs through community school education, and show 1393
innovation in design and potential as a successful, replicable 1394

school model. The Facilities Construction Commission may award a 1395
grant to an eligible high-performing community school upon the 1396
approval of a grant application by the Executive Director of the 1397
Commission and the Superintendent of Public Instruction. A 1398
facility that is purchased, constructed, or modified by the 1399
grant funds shall be used for educational purposes for a minimum 1400

Construction Commission, in consultation with the Superintendent 1402
of Public Instruction, shall develop guidelines and may adopt 1403
rules under Chapter 111. of the Revised Code for the 1404
administration of the grants, including provisions for the 1405
ownership and disposal of the facilities funded under this 1406
section in the event the community school closes at any time. 1407
Notwithstanding any provision of law to the contrary, all 1408
Revised Code exemptions applicable to grants awarded and 1409
projects administered by the Facilities Construction Commission 1410
shall apply to the grants pursuant to this section. 1411

Section 237.20. SCHOOL BUILDING PROGRAM ASSISTANCE 1412

The foregoing appropriation item C23002, School Building 1413
Program Assistance, shall be used by the Facilities Construction 1414
Commission to provide funding to school districts that receive 1415
conditional approval from the Commission pursuant to Chapter 1416
3318. of the Revised Code. 1417

SCHOOL SAFETY GRANT PROGRAM 1418

(A) The foregoing appropriation item C23020, School Safety 1419
Grant Program, shall be used to make competitive grants of up to 1420

and awarding the grants, and procedures for distributing grants. 1430
The procedures shall require each applicant to do all of the 1431
following: 1432

organizational preparedness with broader state and local 1434
preparedness efforts; 1435

(2) Submit a vulnerability assessment conducted by 1436
experienced security, law enforcement, or military personnel, 1437
and a description of how the grant will be used to address the 1438
vulnerabilities identified in the assessment. 1439

(C) Any grant submission that is created under this 1440
section that is determined to be a security record as defined in 1441
section 149.433 of the Revised Code is not a public record under 1442
section 149.43 of the Revised Code and is not subject to 1443
mandatory release or disclosure under that section. 1444

(D) The Facilities Construction Commission may use up to 1445
two and one-half per cent of the total amount appropriated to 1446
administer the program. 1447

(E) As used in this section: 1448

(1) "Eligible security improvements" means a physical 1449
security enhancement, equipment, or inspection and screening 1450

Section 509.04. SATISFACTION OF JUDGMENTS AND SETTLEMENTS 1614
AGAINST THE STATE 1615

Except as otherwise provided in this section, an 1616
appropriation contained in this act or in any other act may be 1617
used for the purpose of satisfying judgments, settlements, or 1618

the judgment, settlement, or administrative award is for or 1629
represents capital costs for which the appropriation may 1630
otherwise be used and is consistent with the purpose for which 1631
any related obligations were issued or entered into. Nothing 1632
contained in this section is intended to subject the state to 1633
suit in any forum in which it is not otherwise subject to suit, 1634
nor is it intended to waive or compromise any defense or right 1635
available to the state in any suit against it. 1636

unless the mechanics, laborers, or workers engaged therein are 1664
paid the prevailing rate of wages prescribed in section 4115.04 1665
of the Revised Code. Nothing in this section affects the wages 1666
and salaries established for state employees under Chapter 124. 1667
of the Revised Code, or collective bargaining agreements entered 1668
into by the state under Chapter 4117. of the Revised Code, while 1669
engaged on force account work, nor does this section interfere 1670
with the use of inmate and patient labor by the state. 1671

Section 509.07. AUTHORIZATION OF THE DIRECTOR OF BUDGET 1672
AND MANAGEMENT 1673

The Director of Budget and Management shall authorize both 1674
of the following: 1675

(A) The initial release of moneys for projects from the 1676
funds into which proceeds of direct obligations of the state are 1677
deposited; and 1678

(B) The expenditure or encumbrance of moneys from funds 1679
into which proceeds of direct obligations are deposited, only 1680
after determining to the Director's satisfaction that either of 1681

the following applies: 1682

(1) The application of such moneys to the particular 1683
project will not negatively affect any exclusion of the interest 1684
or interest equivalent on obligations issued to provide moneys 1685
to the particular fund from the calculation of gross income for 1686
federal income tax purposes under the "Internal Revenue Code of 1687
1986," 26 U.S.C. 1, as amended. 1688

(2) Moneys for the project will come from the proceeds of 1689
federally taxable obligations, the interest on which is not so 1690
excluded from the calculation of gross income for federal income 1691
tax purposes and which have been authorized and issued on that 1692
basis by their issuing authority. 1693

In the event the Director determines that the condition 1694
set forth in division (B) (1) of this section does not apply, and 1695
that there is no existing fund in the state treasury to enable 1696
compliance with the condition set forth in division (B) (2) of 1697
this section, the Director may create a fund in the state 1698
treasury for the purpose of receiving proceeds of federally 1699
taxable obligations. The Director may establish capital 1700
appropriation items in that taxable bond fund that correspond to 1701
the preexisting capital appropriation items in the associated 1702
tax-exempt bond fund. The Director also may transfer capital 1703
appropriations in whole or in part between the taxable and tax- 1704
exempt bond funds within a particular purpose for which the 1705
bonds have been authorized. 1706

Section 509.08. REAPPROPRIATION OF UNEXPENDED ENCUMBERED 1707
BALANCES OF CAPITAL APPROPRIATIONS 1708

(A) (1) Notwithstanding the original year of appropriation 1709
or encumbrance, the unexpended balance of a capital 1710

appropriation or reappropriation that a state agency has 1711
lawfully encumbered prior to the close of the fiscal year 2021- 1712
2022 capital biennium is hereby reappropriated for the fiscal 1713
year 2023-2024 capital biennium from the fund from which it was 1714
originally appropriated or was reappropriated and shall be used 1715
only for the purpose of discharging the encumbrance. For those 1716
encumbered appropriations or reappropriations, any Controlling 1717
Board approval previously granted and referenced by the 1718
encumbering document remains in effect until the encumbrance is 1719
discharged or until the encumbrance expires at the end of the 1720
fiscal year 2023-2024 capital biennium. 1721

(2) During the fiscal year 2023-2024 capital biennium, the 1722
Director of Budget and Management may cancel an encumbrance that 1723
was reappropriated pursuant to division (A) (1) of this section 1724
if the Director determines that the encumbrance is no longer 1725
needed to complete the project for which it was reappropriated 1726
or appropriated. 1727

(B) If during the fiscal year 2023-2024 capital biennium, 1728
pursuant to section 126.22 of the Revised Code in order to 1729
correct an accounting error, the Director of Budget and 1730
Management reestablishes an encumbrance that was reappropriated 1731
pursuant to division (A) of this section, the amount 1732
representing the encumbrance canceled in error is reappropriated 1733
in accordance with division (A) of this section. 1734

Section 509.09. PREVIOUSLY RELEASED REAPPROPRIATIONS 1735

Capital reappropriations in this act that have been 1736
released by the Controlling Board or the Director of Budget and 1737
Management between July 1, 2020, and June 30, 2022, do not 1738
require further approval or release prior to being encumbered. 1739
Funds reappropriated in excess of such prior releases shall be 1740

released in accordance with applicable provisions of this act. 1741

Section 509.10. REAPPROPRIATION OF UNENCUMBERED BALANCES 1742
OF CAPITAL APPROPRIATIONS 1743

The reappropriations made in this act represent the 1744

Notwithstanding the foregoing, unless otherwise specified, the 1747
actual unencumbered balances on June 30, 2022, for the 1748

2022, of any appropriation items either appropriated or 1752
reappropriated in H.B. 481 of the 133rd General Assembly or 1753
appropriated in S.B. 310 of the 133rd General Assembly, S.B. 4 1754
of the 133rd General Assembly, H.B. 74 of the 134th General 1755
Assembly, or H.B. 110 of the 134th General Assembly and not 1756
otherwise listed in this act, or created by the Controlling 1757
Board pursuant to section 127.15 of the Revised Code, if the 1758
Director of Budget and Management determines that such balances 1759
are needed to complete the projects for which they were 1760
reappropriated or appropriated. The appropriation items and 1761
amounts that are reappropriated by this act shall be reported to 1762
the Controlling Board within 30 days after the effective date of 1763
this section. 1764

Section 509.11. REQUIREMENTS RELATING TO NON-STATE 1765

acquired and has entered into a joint or cooperative use 1787
agreement, with and approved by the state agency that meets the 1788
requirements of division (B) of this section. 1789

(B) In the case of capital facilities referred to in 1790
division (A) (2) of this section, the joint or cooperative use 1791
agreement shall include, as a minimum, provisions that: 1792

(1) Specify the extent and nature of that joint or 1793
cooperative use, extending for not shorter than the length of 1794
the obligations that financed the project, with the value of 1795
such use or right to use to be, as determined by the parties and 1796
approved by the approving department, reasonably related to the 1797
amount of the appropriation; 1798

(2) Provide for pro rata reimbursement to the state should 1799

the arrangement for joint or cooperative use by a state agency 1800
be terminated; and 1801
