WHEREAS, Enbridge is an energy delivery company, and 11

WHEREAS, Enbridge now maintains and operates the pipeline 16

WHEREAS, The United States has lost substantial oil 24

created; and 26

WHEREAS, The closure of Line 5 will significantly impact 27

Husky Toledo Refinery, and could potentially close a refinery, 29  
leaving hundreds of hard-working Ohioans unemployed; and 30

WHEREAS, PBF Energy's Toledo Refining Co. plant and the BP- 31  
Husky Toledo Refinery engage contractors who employ hundreds 32  
more blue-collar workers for ongoing construction, safety 33

WHEREAS, The loss of additional oil refining capacity will 35  
leave the United State more dependent on foreign sources of 36  
refined oil products; and 37

WHEREAS, Enbridge has committed to a \$500 million project 38  
to replace the current pipelines that run through the Straights 39  
of Mackinac with a new tunnel and line buried four hundred feet 40  
beneath the Straights; and 41
