Bill credits	14
R.C. 4934.08	15

regardless of whether the community solar facility is on a	18
distressed or non-distressed site.	19
Definitions	20
R.C. 4934.01	21
Removes the requirement that a facility provide retail	22
electric service only to subscribers within the same certified	23
territory to be considered a "community solar facility" and adds	24
to the "subscriber" definition a requirement that a customer	25
contract for a subscription from a community solar facility	26
located in the same certified territory.	27
Changes the definition of "subscriber" to require the	28
customer <i>to contract for</i> a subscription, rather than <i>purchase</i> a	29
subscription.	30
