24

Removes a provision added by the Senate that would have: 25

-- Aligned the notice and approval requirements for 26
creating a transportation financing district (TFD) with those 27
that apply to a tax increment financing (TIF) arrangement. 28

-- Required that the territory of a TFD consist of all 29
territory of all counties that are participants in the 30
associated regional transportation improvement project (RTIP), 31
other than residential property and property exempt under a TIF 32
arrangement. 33

-- Required an agreement between the RTIP governing board 34
and the owner of each parcel included in a TFD that specifies 35
the projects and purposes for which owner's service payments 36
will be used or, in the absence of such an agreement, require 37

that the parcel be excluded from the TFD.
