<u>SYNOPSIS</u>	41
Settlement of matters pending before PUCO	42
R.C. 4905.331	43
Prohibits an electric distribution utility or its affiliate from making a cash payment to induce any party to a Public Utilities Commission (PUCO) proceeding to enter into a settlement of a matter pending before PUCO, instead of prohibiting cash payments to a party if PUCO has not found that the expenditure of those funds by that party is in the public interest.	44 45 46 47 48 49 50
Utility ratemaking law changes	51
R.C. 4909.158	52
Allows PUCO, when considering applications for a utility rate increase, to approve (1) certain programs for energy-intensive industrial customers, (2) cost-effective energy efficiency or weatherization programs for residential customers, and (3) time-of-use rate designs for commercial or residential customers to encourage off-peak electric vehicle charging.	53 54 55 56 57 58
Electric light company trackers	59
R.C. 4909.175 and 4909.177	60
Requires the revenue requirement collected under a Cyber Security and Regulatory Tracker (CSRT) authorized in an electric light company's rate case application to be "allocated to base distribution rate classes consistent with the allocation of base distribution rates approved in the rate proceeding," a	61 62 63 64 65

requirement that the bill already applies to the Distribution	66
Investment Tracker and Storm Response Tracker established by the	67
bill.	68
Prohibits trackers authorized for an electric light	69
company from double recovering costs that the company has	70
recovered, or will recover, under a plan to offer a standard	71
service offer for competitive retail electric service under	72
ongoing law.	73
