SYNOPSIS 18

**Disclosure forms** 19

**R.C. 3345.026** 20

Requires each state institution of higher education to 21  
provide a financial cost and aid disclosure form beginning one 22  
year after the bill's effective date. 23

Permits a state institution to include on the form a 24  
reasonable estimate of room and board, rather than room and 25  
board, if a student has not selected a room and board plan. 26

Limits the special fees a state institution must include 27  
on the form to the special fees of which the institution is 28  
aware at the time the form is created. 29

Requires a state institution to include in the form 30  
information about: 31

(1) The available sources of financial aid it offers a 32  
student; 33

(2) Federal student loans, including federal direct 34  
subsidized and unsubsidized loans and federal grad plus loans; 35  
and 36

(3) A student's expected monthly education loan payment 37  
upon graduation based on federal student loans. 38
