"(2) An A-3a permit holder issued an A-3a permit prior to 5  
the effective date of this amendment may manufacture any amount 6  
of spirituous liquor per year on and after the effective date of 7  
this amendment, regardless of whether the permit premises 8  
location or ownership of the permit premises is transferred and 9  
the permit holder is issued a new A-3a permit. 10

(3) An" 11

The motion was \_\_\_\_\_ agreed to.

SYNOPSIS 12

|   |    |
|---|----|
| <b>A-3a permit: gallonage limit</b>                             | 13 |
| <b>R.C. 4303.041</b>  | 14 |
| Revises the bill's provisions governing the total               | 15 |
| gallonage of spirituous liquor that a micro-distillery (A-3a    | 16 |
| liquor permit holder) may annually manufacture as follows:      | 17 |
| 1. Increases the amount of spirituous liquor that a micro-      | 18 |
| distillery (A-3a liquor permit holder) may annually manufacture | 19 |
| from less than one million gallons to any amount of spirituous  | 20 |
| liquor if the micro-distillery was issued an A-3a permit prior  | 21 |
| to the amendment's effective date, regardless of whether the    | 22 |
| permit premises location or ownership of the permit premises is | 23 |
| transferred and the permit holder is issued a new A-3a permit   | 24 |
| (current law establishes the annual amount at less than 100,000 | 25 |
| gallons).   | 26 |
| 2. Retains the 100,000 gallons of spirituous liquor per         | 27 |
| year limit for a distiller that begins manufacturing spirituous | 28 |
| liquor under an A-3a permit on and after the amendment's        | 29 |
| effective date.   | 30 |
