COMMITTEE: Aviation and Aerospace
CHAIRPERSON: Adam Holmes
DATE: June 11, 2024
TIME: **10:30 AM**
ROOM: Room 121

Chairman Holmes called the meeting of the House Aviation and Aerospace committee to order at 10:32am in the Statehouse. Attendance was taken and a quorum was present. Minutes from the May 7th, 2024 were then reviewed and approved without objection.

Chair Holmes called forward House Bill 149 for its fourth hearing.

Vice Chair Willis made a motion to favorably report HB 149 and recommend its passage. With 10 affirmative votes and 0 negative votes, the bill passed. Chairman Holmes requested that LSC harmonize the accepted substitute bill and accepted amendment.

Chairman Holmes then called forward House Bill 477 for its second hearing. Seeing that there was no one wishing to provide proponent testimony on behalf of the bill, that concluded its second hearing.

Sean Calhoun and Hilliard Deputy Chief Ron Clark were then called forward by Chairman Holmes to provide their Drone Capabilities with Law Enforcement overview. Committee members asked questions and the gentlemen provided answers.

After seeing no further business, the committee adjourned at 11:17am.
