Subject: HB 245 Prohibiting certain adult cabaret performances

I write to encourage a YES vote in favor of HB 245. I suggest that we all know what lude, sexual behavior is and exposing children to it, regardless the nature of the performance, is harmful to children. Further, I suggest that it is among your primary duties to protect children from any/all manner of harm, wherever possible.

Adult cabaret performances have their place; in public and in front of children is not it.

Please vote yes on this bill.
