ROOM: Room 115

Dear Chair Cindy Abrams,

I am a 20-year veteran of law Enforcement in Ohio and have been awarded Police officer of the State of Ohio in 1984. I have founded and ran a security and investigation licensed company in Ohio for over 30 years.

In simple terms the ability for licensed investigators to be able to utilize GPS in investigations is a strong necessity in solving many cases including rapes, child abductions, domestics, menacing, harassment, thefts and the list goes on.

If you have any additional questions, please feel free to contact me directly and I hope and pray that the State of Ohio does not take away this very important component for licensed investigators and the safety and security of citizens in Ohio.

Best Regards,

Timothy Dimoff. CEO/President
