

I strongly support House Bill 276. I moved to Strongsville when my dad retired from the military in 2012. I am a 19 year old college sophomore who commutes to college from home on a daily basis. I feel safe at my home right now, but I do not think I would feel safe if there was an interchange at the end of my road. We already have issues with speeders, it is hard to see on our hilly road, and there are no sidewalks. My college keeps us updated on the dangers of human trafficking in Ohio. I know that residential interchanges increase the likelihood of this terrible crime. There are many small children as well living on our street who play in their front yards. Please do the right thing and vote to repeal this law that would make my neighborhood unsafe.

Ms. Annabelle Wilford
