

Dear Chairman Peterson and members of the Government Oversight committee, I am writing you today concerning the Second Amendment Preservation Act, House Bill 51. I personally feel there is too much federal overreach in regards to the second amendment and I feel Joe Biden is taking us down a bad path and take away my constitutional right to bear arms as an American first and an Ohioan second. Taking this in to account I implore you to pass HB 51 in order to protect me and all future Ohioans. I personally own a number of firearms the Biden administration is targeting and if passed, some of his draconian executive orders and the illegal acts being brought into play by the BATF would make me, a law abiding, citizen by all accounts a criminal overnight, which is entirely wrong. Furthermore, I think it is totally hypocritical for our federal government spending billions to arm the Ukraine from communist socialist aggression an at the same time trying to deny me my rights as an American. So once again I implore you to please pass HB 51.

Thank You,

Peter G. Dembowski
