

Federal over-reach on the second amendment must be countered in order to have a free and prosperous country. This federal government has unconstitutionally targeted conservatives in this country - going so far as labeling parents who don't want their kids to see porn in their libraries, domestic terrorists. This federal government is out of control and this legislation is a great way to start reigning it in.

We have only a few years left before China invades America because democrats are undercover CCP agents who are treasonously trying to disarm this country before that happens.

The SAPA law will ensure Ohio doesn't waste resources nor violate its citizen's precious constitutional rights.

Please pass this – in addition to securing a future law against Red Flag Gun Laws which are also unconstitutional and being pushed by RINOs like state senator Matt Dolan (Ohio's Mitt Romney).
