

Government Oversight Committee  
Opposition Testimony HB 51  
From: Rick Blessing

My name is Rick Blessing and I oppose HB 51. I have lived in Ohio all of my 70 years. I do not oppose guns or gun owners- I own a couple myself. What I do fear are cowboys running amuck with the permission of Ohio law to shoot me or my neighbors at will. I also understand HB51 would bar the hiring of any law enforcement officer that has at one time or another enforced the federal gun control standards that are designed to stem gun control violence.

I can't imagine what Mr.Loychik or Mr.Schmidt are thinking by introducing this bill but it could be just as possible that they could be on the wrong end of a cowboys gun someday too!

Please vote against HB51!

Thank You!  
Rick Blessing
