

Dear Chairman Cutrona, Vice Chair Gross, Ranking Member Somani, and members of the Health Provider Services Committee, thank you for allowing me to provide support testimony for HB 73; the Dave and Angie Patient and Health Provider Protection Act.

I support the right to improved patient access to off-label medication, and protection for health providers to prescribe and have free medical speech, and therefore ask you support HB 73.

I ask you to support Ohioans need the ability to access any legal, FDA approved medication for any future pandemic, seasonal infection or other illness that may require a treatment that is not traditionally used for that purpose. I ask that you support Ohio Advocates for Medical Freedom as I consider their guidance to have the best interests of Ohioans at heart and I review their voting guides.

Sincerely,
Jason Gaerke
