Dear Chairman Cutrona, Vice Chair Gross, Ranking Member Somani, and members of the Health Provide Services Committee.

Thank you for allowing me to provide support testimony for HB 319 - "The Conscientious Right To Refuse Act."

It is very important for me to give my input because I believe, that as an adult American citizen, I have the right over my own person, my own physical being. Except for God, no one cares more about my physical health and well being than I do. As an American I do not want dictates from government telling me what I can or cannot regarding my health or my physical body. For government bodies and officials to allow otherwise is a definite violation of my religious freedom.

Please support HB 319 "The Conscientious Right to Refuse Act. THANK YOU.
