

To Chairman Cutrona,
Vice Chair Gross,
Ranking Member Somani,
and members of the Health Provider Services Committee,
thank you for allowing me to provide support testimony for
HB 319; "The Conscientious Right to Refuse Act."

I am a vegan and have been since 1980. I believe I should have the right to determine what goes into my body. It is my understanding that some vaccines include aborted fetus parts and other animal ingredients. I have made the personal decision based on my own ethics to not partake in animal products in any way and to require me to do so would violate my morals, ethics and my Constitutional rights.

Ohioans need the right to live according to our own consciences and beliefs. Our rights must be protected at the state level to safeguard our freedoms. I urge you to please vote in support of HB 319.

Thank you.
