

HB 285 – Nurse Workforce & Safe Patient Care Act
Proponent Testimony by Jordan Donson, RN

Chair Swearingen, Vice Chair Gross, Ranking Member Somani, and members of the Health Provider Services Committee.

My name is Jordan and being a charge nurse on my current unit safe staffing is of utter importance. The critical patients that we take care of deserve better while the nursing staff does as well. There are multiple instances where I have been pulled into an assignment and been unable to fulfill that role of charge which has in many cases led to poor patient outcomes. Safe staffing must happen it will provide better patient outcomes and better staff experiences.
