Members of the committee:

HB472 is a great step forward in insuring that we have safe and fair elections. The Ohio constitution was amended to make it illegal for non-citizens to vote. Sadly, there are few safe guards in place to address this. this bill provides solutions to that issue along with Cybersecurity standards, Audit Voter Registration board of Voting System Examiners.

One key element is removing non-citizens from the voter rolls which can accomplished accomplished by the Secretary of state comparing voter registrations with the Ohio DMV non US citizens records.

Sincerely

A handwritten signature in black ink, appearing to read "Scott A. Taylor". The signature is written in a cursive style with a large initial "S" and "T".

Scott A. Taylor
