

To the Committee,

The Montgomery County Medical Society (mcmsoh.org) writes to express our support for HB 130, the Prior Authorization Gold Card bill. Dayton area physicians and their patients are being irreparably harmed by the costly and time consuming burden of prior authorization. As the unified voice for physicians across the Dayton area, we speak in support of this bill as the best first step in a larger effort to free physicians and their patients from the incredible burden of prior authorization.

With Gratitude,

John R. Corker, MD

MCMS President
