**RE: NAMIC Support for Senate Bill 63**

Chairman Lampton and Members of the Committee,

On behalf of the National Association of Mutual Insurance Companies<sup>1</sup> (NAMIC), thank you for the opportunity to submit this statement in support of Senate Bill 63.

NAMIC is a national property and casualty insurance trade association comprised of more than 1,500 member companies, including six of the top 10 property/casualty insurers in the United States. The association supports local and regional mutual insurance companies on main streets across America as well as many of the country's largest national insurers.

Senate Bill 63 is a straightforward piece of legislation that will improve Ohio civil justice laws by limiting the over-naming of defendants in asbestos lawsuits. Current law allows asbestos complaints to be filed against companies that have no connection or liability to the plaintiff's injuries. This practice is very burdensome and costly for companies to resolve each claim against each defendant, who have no relation to the asbestos exposure. Additionally, over-naming applies unnecessary strain on the judicial process. Senate Bill 63 will address the over-naming abuse in Ohio by requiring plaintiffs to file a sworn statement specifying the evidence that provides the basis for each claim.

Senate Bill 63 strengthens Ohio's civil justice system and promotes judicial productivity by preventing unmeritorious lawsuits. For these reasons, NAMIC strongly supports Senate Bill 63 and urges passage.

Sincerely,

Matt Overturf
