

I am putting in a plea to pass the bill for Hank Kabel regarding Sarcoma. I had 2 fur babies that passed away to this awful cancer. One had fibrosarcoma and the other had hemangiosarcoma. They passed just 16 months apart. It was agonizing watching what they had to go through. My cat, Trista, had a lump the size of a baseball by the time I had to let her go. My beagle, Layla, ended up with 6 lumps on her stomach when I had to let her go. It was so heartbreaking, but I had to do what was best for them. The sarcomas came on suddenly and enraged their little bodies in a matter of 4 months. I would do anything that would help other families to be able to have some answers and treatments to help their loved ones. I hope you can help by passing this bill.

Thank you for your time!

Nancy Michell
