

Chair Caruthers, Ranking Member Liston, members of the committee my name is Cheryl Pritchard I am partner with NOBLE and Ambassador for The Musketeer Association. As a recipient of long-term disability, I understand that people are in need. I feel with the increased prices of utilities and food, there is a need for supplemental SNAP benefits so that people on disability can receive the proper nutrition and still be able to maintain a healthy lifestyle.

I know that SNAP is largely controlled by the Federal Government, but I ask that the state do all that it can to strengthen SNAP and get more food supports to the people of Ohio. Thank you.
