My autistic brother and his roommate have lived in their own home since 2013. Our agency provided CDS, does everything they can to keep the same staff with them. But at times due to Covid, long hours for staff, I have covered mutiple shifts. It is a 100 mile drive for me but I have done it numerous times. No one told me that during the Covid crisis I could have been compensated, I just happened to catch that fact by reading something.
