Chairman Roemer and Members of the House Ways and Means Committee:

My name is John Weber and I represent the National Rifle Association. The NRA supports HB 186, to exempt sales of firearm safety devices from sales and use tax.

A tax exemption will make it easier for those on fixed incomes or with limited financial resources to acquire a storage device of their choosing. This straightforward legislation does not include any mandates and recognizes that the government should not be placing additional cost barriers on citizens who wish to exercise their Second Amendment rights, and who wish to safely store their firearms.

Thank you,

NRA-ILA State Director
