To Whom It May Concern:

On behalf of the Richland County Sheriff's Office I am writing this letter in support of S.B.112 the Ohio Childhood Safety Act.

In an age where danger is all around us it is important to take the necessary precautions that ensures the safety of our children. Being involved in law enforcement we see the devastation that an active shooter in a school can cause a community. We believe the Ohio Childhood Safety Act would improve security at public schools.

We feel as officers and parents that SB 112 endeavors to see to the safety of our children and provide extra security to the students and staff.

Respectfully,

A handwritten signature in cursive script that reads "J. Steve Sheldon".

J. Steve Sheldon
Richland County Sheriff
