

Chair Brenner, Vice Chair O'Brien, Ranking Member Ingram and members of the Senate Education Committee, thank you for the opportunity to provide testimony on Senate Bill 293. My name is Tiffany Forte and I am from Warren County.

I urge you to pass this bill. Our state and our country desperately need to get back to christian values and morals and Lifewise is a step in the right direction. The message of Jesus at an early age could quite literally save lives. Kids will be able to understand right from wrong and that no matter what kind of home life they have, they are loved deeply by their creator and have a purpose.

No matter where you stand senator, in these matters you have to admit that when people have a relationship with Jesus they're more apt to be upstanding citizens and make decisions for the well being of others. God holds the blueprint on life... period. His way is always going to be the best way because he created us and gave us the path to a good life in the scriptures. If we can change the hearts of our young people, they will be the future leaders of our great country and lead it with integrity and wisdom from God.

Thank you for allowing me the opportunity to advocate for Senate Bill 293.
Sincerely,

Tiffany Forte
