

Dear Chairman Brenner,

Thank you for taking the time to consider my opinion on this important issue. My name is Anne Bruno and I am a 67 year old retired Pilates instructor. My husband and I sent all three of our children to public school. They all received an excellent, well rounded education and have gone on to successful careers.

I strongly oppose this bill. Members of the LGBTQ+ community are already being discriminated against and many suffer bullying at school. This bill will marginalize them further. Issues regarding their mentalhealth willsurely increaser as will suicide rates. Please vote NO on HB 8.

Thank you,

--

Anne Bruno
