

Dear Senator Brenner,

Thank you for taking the time to listen to my opinion on SB 295. My name is Anne Bruno and I am a 67 year old retired Pilates instructor. My husband and I chose Public education for our three children. They all received an excellent well rounded education and all went on to have successful careers - two lawyers and an engineer.

I strongly oppose this bill. It removes local control from elected school board members. It removes parents' rights (which you claim to care about so much) to choose their child's school. Ohio students deserve equitable, safe and fully resourced school. Parents and students should be heavily involved in making educational decisions, not legislators behind closed doors.
