

Testimony, Sub. H. B. No. 33

Harry Kinnison, President

Ohio State Trappers Association

The Ohio State Trappers Association requests that all funds for the Ohio Department of Natural Resources be restored.

With so much monies removed from the budget, it would be devastating to the ODNR and all the divisions it oversees. Such programs as the H2Ohio program, would seriously be affected. I have personally seen what H2Ohio has accomplished.

Again, we, the OSTA request all funds be restored to the ODNR.

Thank you for your time.

Harry Kinnison
