May 5, 2023

Ohio Senate Agriculture & Natural Resource Committee

Reference: House Bill 33

This letter serves as proof of my support of the funding for the capital improvements at the Jesse Owens State Park in Morgan County for the development and daily operation of cabins, campsites, visitor center and retail shop.

This investment by the State will enhance the economic and aerial condition of the county. The availability of this facility and services will demonstrate to the people of Ohio and surroundings states how our region has progressed from using our natural resources to making the land extremely useful and productive.

Thank you in advance for your consideration of the potentials.

Stevan Hook, P.E.P.S.
Morgan County Engineer
