

I am opposed to SJR2. August elections are too costly with too low a voter turnout to reinstate them. Roughly four months ago House Bill 458 eliminated August elections among other things. Why the flip-flop? It doesn't speak well of Ohio leadership if politicians keep changing their minds in a short span of time at taxpayers expense. By this very action, it shows that citizen-based initiatives are more important then ever. Keeping the 50% + 1 with the 5% signatures in 44 counties is a tough enough

task for Ohio voters. Please don't make it
any harder for Ohio citizens. Vote NO on
SJR2.
