Chairman Huffman, Vice Chair Johnson, and Members of the Senate Health Committee, thank you for hearing my support testimony for HB 73, The Dave & Angie Patient and Health Provider Protection Act.

In 2021 I had to have open heart surgery to bypass two blocked arteries. The hospital REQUIRED me to have the Covid-19 vaccination or else the lifesaving surgery would not be performed.

Going forward, I want to ensure that I will have treatment choices and a preserved doctor-patient relationship. I do not want powers outside my state or country making decisions that affect my treatment choices or the relationship I have with my doctor. The WHO does NOT and should never have jurisdiction in the state of Ohio!

I urge the committee to vote YES on HB 73. Thank you for your time and consideration.

Sincerely,

David L. Ewing
