Regarding: Ohio HB 73

Chairman Huffman, Vice Chair Johnson, and Members of the Senate Health Committee, thank you for hearing my support testimony for HB 73, The Dave & Angie Patient and Health Provider Protection Act.

- 1) My wife was denied Ivermectin by CVS Pharmacy and ended up in the hospital.
- 2) I acquired Ivermectin for myself and DID NOT end up in the hospital.
- 3) The W.H.O. has absolutely NO jurisdiction over my life or the medical decisions I make for my own body. Neither can that right be signed away by the Governor of Ohio nor the President of the United States. I do not, have not, and will not yield the rights I am privileged to under the United States Constitution as an American citizen to any person, entity, or government, be it foreign or domestic.

I urge the committee to vote YES on HB 73.

Sincerely,

Michael Schaffner
