Objective:

My objective is to obtain an appointment to the Ohio Bureau of Workers Compensation Board of Directors. If appointed, I plan to use the knowledge, skills, and abilities that I have developed over 30 years as a professional firefighter, paramedic, and union leader to execute my duties as a board member. Additionally, I will use my experience to help promote workers' health and safety as well as my knowledge in budgeting and fund management to insure the sound financial stability of the BWC funds.

Professional Accomplishments:

I began my career as a firefighter paramedic and was promoted through the ranks to Lieutenant and Captain. I am most proud of my positive influence on my co-workers. I have developed a reputation as a dedicated professional and a leader in the firehouse. My supervisors and subordinates trust me to make crucial decisions that will serve the best interests of the employees, the department, and the residents of Middletown. It is my deepest conviction to always conduct myself with honor and integrity.

My professional journey has taught me that I enjoy tackling new challenges and I am constantly learning, evolving, and growing as a leader. I believe I have enjoyed success because I have a sincere desire to serve, and because my varied roles have inspired me to develop a solid work ethic.

In my career, I have been exposed to many different financial systems and investment portfolios. Professionally, I have had to develop and manage different budgets and funding revenues. I believe this experience will benefit the board of directors by having someone with a diversified background.
