

Farrell Brody's Testimony Opposing SB 297

Wednesday, December 11, 2024 9:30am – Senate Judiciary Committee

I can criticize my own government (U.S.) without being anti-American. I can criticize ANY other government without being against the people of that country. But Israel seems to be an exception. I am a Jewish-American and Israel does not represent me. This bill takes away my right of free speech and confuses that right with true anti-semitism.
