Supporting the DD Workforce

Hello I been working in this field for over 20 years and I've never seen it get this bad I work in a high behavioral house and the funding is unbearable we go through so much for such a little pay and I'm a direct supervisor I can't even get the help that is needed is because of the low paying rates so the staff that is his is over worked and under payed which causes stressful situations daily we have our backs against the wall it's kinda scary
