

Cindy Weicht
Testimony on HB 33
Supporting the DD Workforce

My daughter Julie has Down syndrome and has been living in a creative housing home since 2000. It has been a godsend for my family. I know that the caring people who work in her home are providing her with loving care. I was able to work, and once I retired, I know that Julie will be taken care of should something happen to me. It is such a relief. She loves her home. We love her caregivers who treat her as their own. I wish they were paid commensurate with their true value.
