Testimony on HB 33
Supporting the DD Workforce

My son is 34 and has lived in a group home for 22 years . Without the care provide by the staff at home I would not have the help I needed to live life . He requires 24 hour supervision which meant I could not work . Also I did not have the help I needed . He is behavioral at times and physically would hurt me. I am thankful for the care given to him and feel the people working with him and other are deserving of the proper pay for their service . Thank you
