

Isaiah Bennett  
Testimony on HB 33  
Supporting the DD Workforce

Dear Ohio lawmakers I don't know where my child would be if it wasn't for the DD support.especially with the pandemic. They worked hard for him to get him placed with a community service for his special needs. They have provided skill physical therapy as well as occupational therapy being that he has cerebral palsy. I didn't know all this was available to him until I contacted DD and they guided through the process. Please continue to invest in this area. There is a big need for this service. I don't where my child would be if it wasn't for DD supporter services. My child is th riving because of these supporter services. Thank you.
