Testimony on HB 33  
Supporting the DD Workforce

These families need all the money and support for the loved ones of disabilities who struggle with fending for themselves and the financial hardships and cost of living in a nut shell

I have a daughter with autism and increase the wages would allow these families to get out and enjoy life experiences more often.

I request for legislators support and vote of increasing funding to raise wages for workers in the DD System,

you never know what a family is going thru behind closed doors, as autism is such a blessing because our daughter sure is a blessing, and she cannot help or control her diagnosis as well t you all , Jessica Schimmoeller
