Testimony on HB 33
Supporting the DD Workforce

I am an independent nurse provider. I have served the same client for 14 years thru ODM. The thing that stops most people from becoming providers are the pitiful wages they are offered through an agency. On top of that, when they find out to bill as an Independent they must withhold their own taxes, then no one is interested.. So if you can solve these issues you might be surprised at how many people would be interested. This is in rocket science.
