

Tammy Venorsky
Testimony on HB 33
Supporting the DD Workforce

My daughter has developmental disabilities. We have been unable to find a day program for her due to staff shortages and the unwillingness of agencies not wanting to provide services for an individual who may require more assistance. As of now she has to stay home. This puts a hardship on families that have to work, and the individual who has to stay home day in and day out. In my opinion the day services that were provided by the county boards should have never been taken away, the individuals had a consistent and safe place to go on a daily basis.
