Testimony on SFY 24/25 Operating Budget
Senate Medicaid Committee

Chairman Romanchuk, Vice Chair Wilson, Ranking Member Ingram, and esteemed committee members,

I want to thank you for the opportunity to testify before you today.

My name is Sara Eppard and I am the State Director of Dungarvin Ohio, LLC and we are located throughout Ohio, providing services in 11 different counties. Dungarvin provides residential and day and services through the home and community-based waiver program administered by the Department of Developmental Disabilities (DODD). Our team of 187 employees is proud to provide essential services to 158 Ohioans with intellectual and developmental disabilities

I am very supportive of the budget initiatives outlined by Governor DeWine and Director Hauck for DODD and very appreciative of the additional investments adopted by the House of Representatives in House Bill 33.

It has become increasingly difficult to recruit and retain staff based on the low reimbursement rates we receive, as we are 100% reliant on Medicaid funding. In the past three years, our employee retention rate has decreased by 30%, and our annual turnover is around 75%. Our ability to effectively hire and retain our employee base is crucial to our operation. Each month, Dungarvin turns down about 100 new referrals. We have shut down services in two counties, serving 10 people over the past year. At current reimbursement rates, our ability to continue operating is in jeopardy.

The vulnerable population we serve relies on consistent, caring staff to provide the essential supportive services they need to survive. Our staff dress those who cannot do it themselves, feed those who have arms that will not work, transport those who use wheelchairs in specialized vehicles and help mentor those who have behavioral struggles. The families of those served count on us to be there, 24 hours a day, 7 days a week, 365 days a year to care for their loved ones.

House Bill 33 as passed by the House is a great foundation to reinforce and rebuild the services provided by . We encourage this committee to support the House's version of H.B. 33 as it pertains to DODD appropriations. Further, we encourage the Senate to invest additional dollars into these vital services to raise direct support professional wages to at least an average of \$20.64. This investment will help us recruit and retain the workforce needed to continue to provide our quality services.

With your leadership, together we can ensure these services are available to the Ohioans that so greatly need them! Thank you again, for the opportunity and privilege to bring my concerns before you and if I can ever be of any help in this process, please let me know.
