

As longtime resident and homeowner of 4702 Clinton Ave. Cleveland, Ohio 44102. I support this bill. I have supported the growth and now deserve some consideration. I bought my house and have lived here since 1998 when it was hard to give away a property down here. I love my neighborhood and would like to retire with confidence that I will be able to afford my home. So happy to have been a pioneer in this area.
