(2) Make the form available to public offices by any cost-effective, convenient method accessible to the auditor of state and the public offices;

(3) When conducting an audit under this chapter of a public office that undertakes force account projects, examine the forms and records of a sampling of the force account projects the public office completed since an audit was last conducted, to determine compliance with its force account limits.

(B) If the auditor of state receives a complaint from any person that a public office has violated the scope of work or force account limits established for that office, the auditor of state may conduct an audit in addition to the audit provided in section 117.11 of the Revised Code if the auditor of state has reasonable cause to believe that an additional audit is in the public interest.

(C)(1) If the auditor of state finds that a county, township, or municipal corporation violated the scope of work or force account limits established for that political subdivision, as applicable, the auditor of state, in addition to any other action authorized by this chapter, shall notify the political subdivision that, for a period of one year from the date of the notification, the scope of work or force account limits for the subdivision are reduced as follows:
