and to enact sections 6121.30, 6121.31, 6121.32, 2
and 6121.33 of the Revised Code to re-establish 3
the Water and Sewer Commission and the Water and 4
Sewer Fund. 5

BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF OHIO:

Section 1. That sections 929.03, 6103.052, and 6117.062 be 6
amended and sections 6121.30, 6121.31, 6121.32, and 6121.33 of 7
the Revised Code be enacted to read as follows: 8

Sec. 929.03. (A) (1) No public entity with authority to 9
levy special assessments on real property shall collect an 10
assessment for purposes of sewer, water, or electrical service 11
on real property that is within an agricultural district as 12
described in division (A) (2) of this section without the 13
permission of the owner, except that any assessment may be 14
collected on a lot surrounding a dwelling or other structure not 15
used in agricultural production that does not exceed one acre or 16
the minimum area required by local zoning or subdivision rules, 17
whichever is the greater area. 18

(2) For purposes of division (A) (1) of this section, an 19

agricultural district is such a district that is established:	20
(a) In the case of counties, prior to the adoption of a resolution of necessity by a board of county commissioners, pursuant to section 6103.05 or 6117.06 of the Revised Code;	21 22 23
(b) In the case of municipal corporations, prior to whichever of the following occurs first:	24 25
(i) The adoption of the resolution of necessity by the municipal legislative authority, pursuant to section 727.12 or 729.02 of the Revised Code;	26 27 28
(ii) The service of notice on all or some of the owners to be assessed pursuant to section 729.06 of the Revised Code;	29 30
(iii) The adoption of the resolution or ordinance by the municipal legislative authority declaring the necessity for the improvement, the costs of which are to be assessed under procedures authorized by a municipal charter adopted pursuant to Section 7 of Article XVIII, Ohio Constitution, or, if no such ordinance or resolution is required under the charter, the service of the first notice on all or some of the owners of lands to be assessed, or the adoption of the first ordinance or resolution by the municipal legislative authority pertaining to the assessment proceedings under the charter.	31 32 33 34 35 36 37 38 39 40
(c) In the case of a regional water and sewer district established pursuant to Chapter 6119. of the Revised Code, prior to the adoption of a resolution of necessity by the board of trustees of the district under section 6119.25 of the Revised Code.	41 42 43 44 45
(B) For each special assessment levied by a public entity on real property within an agricultural district for purposes of sewer, water, or electrical service, the county auditor shall	46 47 48

make and maintain a list showing:	49
(1) The name of the owner of each lot, tract, or parcel of land that is exempt from the collection of the special assessment under this section;	50 51 52
(2) A description of the exempt land;	53
(3) The purpose of the special assessment;	54
(4) The amount of the uncollected assessment on the exempt land.	55 56
In the case of a county project constructed under Chapter 6103. or 6117. of the Revised Code, the county auditor may use a list provided for in those chapters in lieu of the list required by division (B) of this section. The auditor shall also record in the water works record required by section 6103.16 of the Revised Code or the sewer improvement record required by section 6117.33 of the Revised Code those assessments not collected under this section. The recording of the assessments does not permit the collection of the assessments until such time as exempt lands are withdrawn from agricultural districts or converted to nonagricultural use.	57 58 59 60 61 62 63 64 65 66 67
(C) If at any time any of the owner's exempt land, other than a lot sold or transferred to a son, daughter, brother, sister, mother, or father for the purpose of constructing a dwelling in which the relative will reside for at least three years, is withdrawn from an agricultural district or if the owner of the exempt land uses on that land the service for which the special assessment was assessed, the public entity may collect the entire uncollected assessment, except as otherwise provided in this division, in addition to an amount equal to the rate of interest that any bonds or notes issued for the project	68 69 70 71 72 73 74 75 76 77

for which the assessment was made did bear for the number of 78
years the land was exempted, not to exceed twenty-five or the 79
number of years for which the bonds or notes were issued, 80
whichever is the lesser number. The owner shall notify the 81
county auditor of any withdrawal from a district or use of the 82
service within ninety days following the withdrawal or use of 83
the service. The charge shall constitute a lien of the public 84
entity upon the land and shall continue until discharged. All 85
liens shall be recorded in the appropriate county recorder's 86
office. Moneys collected as a result of the charge shall be 87
deposited in the appropriate fund of the public entity that 88
levied the special assessment. 89

If the owner of exempt land sells or transfers a lot to 90
the owner's son, daughter, brother, sister, mother, or father 91
for the purpose of constructing a dwelling in which the relative 92
will reside for at least three years, and if the owner or the 93
buyer of the lot uses the service for which the special 94
assessment was assessed only to provide service to that lot, the 95
owner of the lot shall pay only that portion of the uncollected 96
assessment and interest that applies to the lot. 97

If at any time any part of an owner's exempt land is 98
appropriated, the owner shall pay only that portion of the 99
uncollected assessment and interest that applies to the 100
appropriated parcel of land. 101

In lieu of immediate payment of the uncollected assessment 102
and interest, the board of county commissioners, legislative 103
authority of a municipal corporation, the board of trustees of a 104
regional water and sewer district, or other governing board of 105
any other public entity may, upon the request of the owner, 106
establish an extended repayment schedule for the owner. If the 107

board, legislative authority, board of trustees, or other 108
governing board establishes such a schedule, it shall notify the 109
county auditor of the schedule. 110

(D) A board of county commissioners, legislative authority 111
of a municipal corporation, the board of trustees of a regional 112
water and sewer district, or other governing board of any other 113
public entity may apply to the water and sewer commission 114
created by section 6121.31 of the Revised Code for an advance of 115
money from the water and sewer fund, created by section 6121.30 116
of the Revised Code, in an amount equal to that portion of the 117
costs of a water or sewer improvement authorized by law that is 118
to be financed by assessments whose collection is prohibited 119
under division (A) of this section. The application for such an 120
advance of money shall be made in the manner prescribed by rules 121
of the commission. Upon collection of any assessment whose 122
collection was prohibited under division (A) of this section, 123
the board of county commissioners, legislative authority, board 124
of trustees, or other governing board shall repay the commission 125
the amount of any money advanced by it in regard to the 126
assessments. 127

Sec. 6103.052. (A) A board of county commissioners may 128
apply to the water and sewer commission, created by section 129
6121.30 of the Revised Code, for an advance of money from the 130
water and sewer fund, created by section 6121.31 of the Revised 131
Code, in an amount equal to that portion of the costs of an 132
improvement authorized under sections 6103.02 to 6103.30 of the 133
Revised Code which is to be financed by assessments whose 134
collection is deferred pursuant to division (B) of this section. 135
The application for such an advance of money shall be made in 136
the manner prescribed by rules of the commission. 137

(B) At any time prior to the expiration of the five-day 138
period provided by section 6103.05 of the Revised Code for the 139
filing of written objections, any owner of property which is 140
classified on the general tax list of the county auditor as 141
agricultural land and has been assessed for the extension of a 142
main water line over or along such property under sections 143
6103.02 to 6103.30 of the Revised Code may file with the board 144
of county commissioners a request in writing for deferment of 145
the collection of the owner's assessment if the main water line 146
~~provides water facilities to aid in the establishment of new-~~ 147
~~industrial plants, the expansion of existing industrial plants,~~ 148
~~or such other industrial development, or provides water-~~ 149
~~facilities to aid in the establishment of commercial and-~~ 150
~~residential developments,~~ serves a purpose set forth in section 151
6121.33 of the Revised Code for which the water and sewer fund 152
may be used. Such request shall identify the property in 153
connection with which the request for deferment is made, shall 154
describe its present use and present classification on the 155
general tax list of the county auditor, shall state its 156
estimated market value, showing separately the value of the land 157
and the value of the buildings thereon, shall state the reasons, 158
if any, why a portion of the benefit of the improvement will not 159
be realized until the use of the land is changed, and shall 160
state the amount to be deferred. The board shall promptly 161
consider such request and may order the deferment of the 162
collection of that portion of the assessment representing a 163
benefit from the improvement that will not be realized until the 164
use of the land is changed. The board may, upon request of an 165
owner whose property has been assessed for the extension of a 166
main water line over or along such property under sections 167
6103.02 to 6103.31 of the Revised Code, defer all or any part of 168
the assessment on property which is classified on the general 169

tax list of the county auditor as agricultural land, by 170
attributing the amount of such assessment or part thereof as 171
tap-in charges, if the main water line ~~provides water facilities~~ 172
~~to aid in the establishment of new industrial plants, the~~ 173
~~expansion of existing industrial plants, or such other~~ 174
~~industrial development, or provides water facilities to aid in~~ 175
~~the establishment of commercial and residential~~ 176
~~development~~sserves a purpose set forth in section 6121.33 of the 177
Revised Code for which the water and sewer fund may be used. A 178
deferment under this section may be conditioned upon the 179
approval of the advance of money applied for pursuant to 180
division (A) of this section, and a maximum length of the 181
deferment may be fixed to coincide with the maximum time within 182
which the advance must be repaid. The decision on the request 183
for deferment of collection of assessments shall be made 184
pursuant to standards established by rules of the commission. 185
Upon determination and approval of final assessments, the board 186
of county commissioners shall certify all deferred assessments 187
and a fee equal to ~~two per cent of the amount of the any fee~~ 188
paid by the board to the commission pursuant to division (C) of 189
section 6121.32 of the Revised Code attributable to the deferred 190
assessments to the county auditor. For purposes of this section, 191
"assessment," "deferred assessment," or "assessment deferred 192
under this section" mean the fee and the deferred assessment 193
certified to the county auditor. The county auditor shall record 194
an assessment deferred under this section in the water works 195
record. Such record shall be kept until such time as the 196
assessments are paid in full or certified for collection in 197
installments as provided in this section. During the time when 198
the assessment is deferred there shall be a lien on the property 199
assessed, which lien shall arise at the time of recordation by 200
the county auditor and shall be in force until the assessments 201

are paid in full or certified for collection in installments. 202

~~(B)~~ (C) The board of county commissioners shall defer the 203
collection of an assessment, except the amount of such 204
assessment or part thereof attributable as tap-in charges, which 205
has been deferred pursuant to division (A) of this section on or 206
before January 1, 1987, beyond the expiration of the maximum 207
time for the original deferment if the property owner requests 208
in writing, no later than six months prior to the expiration of 209
the original deferment, that the assessment be further deferred 210
and as long as the property owner's land could qualify for 211
placement in an agricultural district pursuant to section 929.02 212
of the Revised Code. 213

The board shall regularly review the use and ownership of 214
the property for which the collection of assessments has been 215
deferred pursuant to this division, and upon finding that the 216
land could no longer qualify for placement in an agricultural 217
district pursuant to section 929.02 of the Revised Code, the 218
board shall immediately collect, without interest, the full 219
amount of the assessment deferred and repay the commission the 220
amount of any money advanced by it in regard to such assessment. 221
The board shall pay all such amounts to the commission in one 222
annual payment or longer period as approved by the commission. 223

~~(C)~~ (D) The board of county commissioners shall send a 224
notice by regular or certified mail to all owners of property on 225
which assessments have been deferred pursuant to division ~~(A)~~ 226
(B) of this section, which lists the expiration of the 227
deferment, not later than two hundred ten days prior to the 228
expiration of the deferment of those assessments. 229

~~(D)~~ (E) The board shall collect the assessments, without 230
interest, which have been deferred pursuant to division ~~(A)~~ (B) 231

of this section upon expiration of the maximum time for which 232
deferments were made and repay the commission the amount of any 233
money advanced by it in regard to such assessments; provided, 234
that for a property owner who requests in writing, no later than 235
six months prior to the expiration of the deferment period, that 236
payment of the owner's deferred assessments be in installments, 237
the board of county commissioners upon expiration of the 238
deferment period may by resolution further certify for 239
collection pursuant to section 6103.16 of the Revised Code, such 240
deferred assessments in installments over not more than twenty 241
years, as determined by the board, together with interest 242
thereon each year on the unpaid balance at the same rate borne 243
by bonds of the county which shall be issued in anticipation 244
thereof as provided in Chapter 133. of the Revised Code, and the 245
proceeds of the bond issue used to repay such deferred 246
assessments to the commission. 247

Assessments which have been deferred by attribution as 248
tap-in charges under division ~~(A)~~ (B) of this section shall be 249
collected as deferred assessments at that time. As the board 250
collects tap-in charges that are deferred assessments under 251
division (B) of this section, it shall repay the commission the 252
amount of those charges that was advanced by it in regard to 253
such assessments. An owner of property for which assessments 254
have been deferred under division (A) of this section, in 255
requesting a tap-in may, subject to the approval of the board, 256
designate a part of an entire assessed tract as the part which 257
the tap-in is to serve, and the board shall collect the deferred 258
assessment on that tract in the proportion that the part bears 259
to the entire tract, on a front foot or other basis approved by 260
the commission, but if in the judgment of the board the tap-in 261
is reasonably intended to serve the entire tract or 262

substantially all of the tract, it shall collect the deferred 263
assessment for the entire tract. 264

Prior to the expiration of the maximum time of deferment, 265
the board shall regularly review the use of the property for 266
which the collection of assessments has been deferred and upon 267
finding, pursuant to the rules of the commission, that the use 268
of the land has changed from the use at the time of the 269
deferment so that the benefit of the improvement can then be 270
realized, the board shall immediately collect the full amount of 271
the assessment for the portion of the property for which the use 272
has so changed, without interest, and repay the commission the 273
amount of any money advanced by it in regard to such assessment. 274
The board shall pay all such amounts to the commission in one 275
annual payment or longer period as approved by the commission. 276

Sec. 6117.062. (A) A board of county commissioners may 277
apply to the water and sewer commission, created by section 278
6121.30 of the Revised Code, for an advance of money from the 279
water and sewer fund, created by section 6121.31 of the Revised 280
Code, in an amount equal to that portion of the costs of an 281
improvement authorized under sections 6117.01 to 6117.45 of the 282
Revised Code which is to be financed by assessments whose 283
collection is deferred pursuant to division (B) of this section. 284
The application for such an advance of money shall be made in 285
the manner prescribed by rules of the commission. 286

(B) At any time prior to the expiration of the five-day 287
period provided by section 6117.06 of the Revised Code for the 288
filing of written objections, any owner of property which is 289
classified on the general tax list of the county auditor as 290
agricultural land and has been assessed for the extension of a 291
trunk sewer line over or along such property under sections 292

6117.01 to 6117.45 of the Revised Code may file with the board 293
of county commissioners a request in writing for deferment of 294
the collection of the assessment if the trunk sewer line 295
~~provides sewer facilities to aid in the establishment of new-~~ 296
~~industrial plants, the expansion of existing industrial plants,~~ 297
~~or such other industrial development, or provides sewer-~~ 298
~~facilities to aid in the establishment of commercial and-~~ 299
~~residential developments,~~ serves a purpose, as set forth in 300
section 6121.33 of the Revised Code, for which the fund may be 301
used. Such request shall identify the property in connection 302
with which the request for deferment is made, shall describe its 303
present use and present classification on the general tax list 304
of the county auditor, shall state its estimated market value, 305
showing separately the value of the land and the value of the 306
buildings thereon, shall state the reasons, if any, why a 307
portion of the benefit of the improvement will not be realized 308
until the use of the land is changed, and shall state the amount 309
to be deferred. The board shall promptly consider such request 310
and may order the deferment of the collection of that portion of 311
the assessment representing a benefit from the improvement which 312
will not be realized until the use of the land is changed. The 313
board may, upon request of an owner whose property has been 314
assessed for the extension of a trunk sewer line over or along 315
such property under sections 6117.01 to 6117.45 of the Revised 316
Code, defer all or any part of the assessment on property which 317
is classified on the general tax list as agricultural land, by 318
attributing the amount of such assessment or part thereof as 319
tap-in charges, if the trunk sewer line ~~provides sewer-~~ 320
~~facilities to aid in the establishment of new industrial plants,~~ 321
~~the expansion of existing industrial plants, or such other-~~ 322
~~industrial development, or provides sewer facilities to aid in-~~ 323
~~the establishment of commercial and residential-~~ 324

~~developments~~ serves a purpose set forth in section 1525.13 of the 325
Revised Code for which the fund may be used. A deferment under 326
this section may be conditioned upon the approval of the advance 327
of money applied for pursuant to division (A) of this section, 328
and a maximum length of the deferment may be fixed to coincide 329
with the maximum time within which the advance must be repaid. 330
The decision on the request for deferment of collection of 331
assessments shall be made pursuant to standards established by 332
rules of the commission. Upon determination and approval of 333
final assessments, the board of county commissioners shall 334
certify all deferred assessments and a fee equal to ~~two per cent~~ 335
~~of the amount of the deferred assessments~~ any fee paid by the 336
board to the commission pursuant to division (C) of section 337
6121.32 of the Revised Code attributable to the deferred 338
payments to the county auditor. For purposes of this section, 339
"assessment," "deferred assessment," or "assessment deferred 340
under this section" mean the fee and the deferred assessment 341
certified to the county auditor. The county auditor shall record 342
an assessment deferred under this section in the sewer 343
improvement record. Such record shall be kept until such time as 344
the assessments are paid in full or certified for collection in 345
installments as provided in this section. During the time when 346
the assessment is deferred there shall be a lien on the property 347
assessed, which lien shall arise at the time of recordation by 348
the county auditor and which shall be in force until the 349
assessments are paid in full or certified for collection in 350
installments. 351

~~(B)~~ (C) The board of county commissioners shall defer the 352
collection of an assessment, except the amount of such 353
assessment or part thereof attributable as tap-in charges, which 354
has been deferred pursuant to division ~~(A)~~ (B) of this section 355

on or before January 1, 1987, beyond the expiration of the 356
maximum time for the original deferment if the property owner 357
requests in writing, no later than six months prior to the 358
expiration of the original deferment, that the assessment be 359
further deferred and as long as the property owner's land could 360
qualify for placement in an agricultural district pursuant to 361
section 929.02 of the Revised Code. 362

The board shall regularly review the use and ownership of 363
the property for which the collection of assessments has been 364
deferred pursuant to this division, and upon finding that the 365
land could no longer qualify for placement in an agricultural 366
district pursuant to section 929.02 of the Revised Code, the 367
board shall immediately collect, without interest, the full 368
amount of the assessment deferred and repay the commission the 369
amount of any money advanced by it in regard to such assessment. 370
The board shall pay all such amounts to the commission in one 371
annual payment or longer period as approved by the commission. 372

~~(C)~~ (D) The board of county commissioners shall send a 373
notice by regular or certified mail to all owners of property on 374
which assessments have been deferred pursuant to division ~~(A)~~ 375
(B) of this section, which lists the expiration of the 376
deferment, not later than two hundred ten days prior to the 377
expiration of the deferment of those assessments. 378

~~(D)~~ (E) The board shall collect assessments, without 379
interest, which have been deferred pursuant to division ~~(A)~~ (B) 380
of this section upon expiration of the maximum time for which 381
deferments were made and repay the commission the amount of any 382
money advanced by it in regard to such assessments; provided 383
that for a property owner who requests in writing, no later than 384
six months prior to the expiration of the deferment period, that 385

payment of the deferred assessments be in installments, the 386
board of county commissioners upon expiration of the deferment 387
period may by resolution further certify for collection pursuant 388
to section 6117.33 of the Revised Code, such deferred 389
assessments in installments over not more than twenty years, as 390
determined by the board, together with interest thereon each 391
year on the unpaid balance at the same rate borne by bonds of 392
the county which shall be issued in anticipation thereof as 393
provided in Chapter 133. of the Revised Code, and the proceeds 394
of the bond issue used to repay such deferred assessments to the 395
commission. Prior to the expiration of the maximum time of 396
deferment, the board shall regularly review the use of the 397
property for which the collection of assessments has been 398
deferred and upon finding, pursuant to the rules of the 399
commission, that the use of the land has changed from the use at 400
the time of the deferment so that the benefit of the improvement 401
can then be realized, the board shall immediately collect the 402
full amount of the assessment for the portion of the property 403
for which the use has so changed, without interest, and repay 404
the commission the amount of any money advanced by it in regard 405
to such assessment. The board shall pay all such amounts to the 406
commission in one annual payment or longer period as approved by 407
the commission. 408
