

Kratom-

Please protect safe kratom access for adults! It will literally save lives! Kratom absolutely saved mine. It came into my life just as I needed it the most, like a gift from God, and if it wasn't for kratom, I would absolutely be dead. On top of that, kratom has helped ease my depression more than any antidepressant ever has, and I've been prescribed many throughout my life. I know people mean well, but not only would banning kratom do more harm than good, but it will kill people. Please don't follow outdated, incorrect, and ignorant guidance. Kratom is not at all like what they make it out to be! Thank you!
